

Jai Panchamukha ^{Lakshmi} Narasimhar 8/12/2012

I am Sumitha. I am 50 years old. For the past 3 years I am suffering from Rheumatoid arthritis. I have pain in all the joints of the body. I am a Krishna devotee. Once I came through my friend that Panchamukha ^{Lakshmi} Narasimhar is in Vasantham gardens. I visited the Narasimhar temple two months back, I prayed to Lord to reduce my pains. Within two weeks my all pains gone. Now I am living without pain for the past two months. All credit goes to ^{Lakshmi} Narasimhar. Now I can walk, I can climb steps, I am doing work in my home. My life turned fully. I am so happy now. I recommend to all my friends, relatives to visit Sri Panchamukha ^{Lakshmi} Narasimhar. Now all are happy. If we take darshan of Narasimhar all our problems will vanish in seconds. Dandavate Jai ^{Lakshmi} Narasimha.
